

How the global fleet is developing in 2015-2017

Lloyd's List Intelligence updates its fleet capacity forecast regularly, and the latest findings show growth in capacity will pick up next year in most sectors. This is in general not good news for owners, although part of the negative impact could be absorbed by an uptick in demand.

Annual shipping outlook

Understand 2017 industry trends, anticipate market shifts, avoid risks and find opportunities in the year ahead.
